

PROLAMSA Announces P.D.Q.

... and not just on purlins, but on our whole line of high-quality metal building shapes and components.

It's all because of our brand new stocking facility in Laredo, TX. Thanks to this new location, you can count on fast delivery of:

- Commercial quality and high tensile strength purlins
- Red oxide primed purlins
- C- and Z- sections
- Angles and channels
- Slit red primed coils (57ksi)

All of which means you get the Prolamsa quality you've always counted on along with the short lead times, quick turn-around and JIT programs you always wanted.

For the whole story – or to place an order – call us at (281) 494-0900, or e-mail us at sales@prolamsa.com. We'll deliver your order, P.D.Q.

Professional. Proactive. Pro-Customer.
